PROFESSIONAL SUMMARY

Enthusiastic Software Developer with **1+ year of professional experience** building scalable **Full-stack web applications** using modern technologies. Skilled in optimizing application performance, implementing secure authentication, and delivering user-centric designs. Adept at developing innovative solutions that enhance efficiency.

WORK EXPERIENCE

BITCS, Junior Software Developer   *02/2022 - 02/2023*

- Developed and deployed **2+ full-stack applications** using the MERN stack, serving over **5,000 active users** across various platforms.
- Optimized APIs, **reducing response time by 40%**, enhancing system efficiency, and supporting **scalability for up to 10,000 users**.
- Implemented responsive user interfaces with React and Redux, resulting in a **25% increase in user engagement** and a **15% reduction in bounce rates.**

SKILLS

Languages: Javascript, Typescript, and Python

Databases: MongoDB, Redis & PostgreSQL

Soft Skills: Adaptability & Communication

Framework: NextJS, ReactJS, Node & Express

Cloud Services: AWS & Docker

Workplace Skills: Problem Solving & Work ethic

PERSONAL PROJECTS

Vendify (*React | Typescript | OAuth | Sass | Express | Redis | MongoDB | AWS | Docker)*

- Built a comprehensive e-commerce platform supporting **1,000+ products**, with features for product management, **secure payment integration**, and r**eal-time data analytics**.
- Integrated an **Admin panel**, enabling efficient product management, **real-time app monitoring**, and dynamic data visualization through interactive charts.
- **Boosted app performance by 30% by implementing caching** for the latest products using **Redis**, reducing server load and response times.
- **Live Link**: https://github.com/Anish358/vendify

StoreIt (*NextJS | Typescript | Tailwind CSS | Appwrite*)

- Designed and developed a file upload system **supporting 50+ file formats**, including images, videos, and audio**.**
- Created a **dynamic dashboard** showcasing real-time storage usage, recent uploads, and categorized file organization, **enhancing user productivity by 40%**.
- Enforced a robust global search feature, **reducing file retrieval time by 70%** and supporting search across thousands of files instantly.
- **Live Link**: https://store-it-black.vercel.app/sign-up

Digital Portfolio (*NextJS| TailwindCSS| FramerMotion)*

- Crafted a visually appealing web portfolio that detailed project methodologies and outcomes.
